

You say you want to stop racism

You say diversity on this campus needs attention

You say you are concerned about our environment

You say you are angry with our current health

You say are elderly deserve respect

But.....

we have not seen you ! **ICAN** (Imagine Change Act Now) is a university wide program that has extended invitations to you and your organization and we need your support! We challenge the entire Adelphi community to demonstrate that not only can we work together to create change at Adelphi, but we can work together to make a difference in our communities and the nation!

Don't Miss
The next meeting

April 21, 2008

University Center, Room 313

4:30- 6:00pm
